

Volunteers

Just Neighbors uses a community clinic model to provide services to clients. Through this model, staff attorneys are able to leverage their time and expertise by supervising volunteers and interns who work directly with the clients.

This maximizes the number of clients that Just Neighbors' attorneys can help and provides volunteers the opportunity to serve their neighbors. In 2017, 314 volunteers contributed 1,860 volunteer attorney hours and 7,341 non-attorney hours.

These hours are valued at \$415,290 equalling to more than 60% of the entire budget of Just Neighbors.

Providing Immigration Legal Services to Those With a Legal Pathway

For more than 20 years, Just Neighbors has served more than 10,000 clients from 130 countries by helping low-income immigrants obtain the documentation to which they are legally entitled. We believe that investing in immigration legal services positively impacts a family's overall stability in the United States. Requiring individuals to pay expensive fees for these services forces families to choose between paying for legal services or for basic needs like food and housing. Research shows that granting legal status and citizenship to immigrants increases their income level, chances of home ownership, education level and access to health care.

Focusing on humanitarian cases, Just Neighbors staff attorneys and many volunteers serve the most vulnerable immigrants in our community, many who are:

- Refugees and asylees
- Immigrant victims of domestic violence and other violent crimes
- Dreamers (youth who arrived in the United States as children)
- Those issued Temporary Protected Status (TPS) because of armed conflict or natural disasters in their homelands
- Families seeking general advice about their immigration status

Just Neighbors is able to respond to the changing immigration legal framework because of our unrestricted resources from private foundations, donors, corporations and faith communities. As we maintain our focus on those who are least likely to get help elsewhere, we are forced to turn away callers due to capacity limitations. To support this work or seek legal help, see www.justneighbors.org.
